A herd of roan antelopes is shown grazing in a lush green field. The antelopes have reddish-brown bodies and black horns. They are scattered across the frame, with some in the foreground and others in the background. The field is filled with tall grass and some small purple flowers. A dark diagonal band runs across the left side of the image, containing the text.

A photograph of two kudus in a savanna landscape. The kudus have reddish-brown upper bodies and lighter, almost white, lower bodies. The one on the left has small, spiraling horns. They are standing in tall grass with a blurred background of green and blue, suggesting a natural habitat. A dark diagonal overlay covers the left side of the image, containing the text.
